Dear Tom,

Thank goodness

YOU AREN'T MOST FOLKS.

Thanks for accompanying us on this long journey  
with all your expertise, dedication, professionalism & friendship.  
You helped us get the sales done in this tough market & we are  
very grateful.

We remember all your extra willingness to help with  
the generator, washer & dryer, electrical work, hauling & so many  
other needs we had. You listened to our concerns & worries &  
helped us remain positive.

We thank you, too, for dinner on Tues. & for schlepping us  
around to see homes & properties & condos...! To Lew!! ↗
